Global Summit 2021 Partial List of Speakers

ANTHONY LEONARDI

T-Cell Immunologist
UK

CARLOS GERSHENSON

Complex Systems Researcher
Mexico

CÉCILE PHILIPPE

Economist
France

ERIC FEIGL-DING

Epidemiologist | Health Economist
USA

FRANKLIN APPEL

Managing Director at World Health Comm Associates
UK

GRETA FOX

Nurse Practitioner
USA

GUNHILD ALVIK NYBORG

Researcher, M.D., PhD, BSc Econ.
Norway

KHALID ELAWAD

Medical doctor and public health consultant
Qatar

KRZYSZTOF MROZKOWSKI

Economist & historian
Poland

LUIS EUGENIO DE SOUZA

Researcher
Brazil

MALGORZATA GASPROWICZ

Zero Covid Canada
Canada

MARTIN MCKEE

Prof of European Public Health LSHTM/ Director Research
Policy European Observatory
UK

MICHAEL BAKER

Epidemiologist, New Zealand Ministry of Health's Pandemic
Influenza Technical Advisory Group (PITAG)
New Zealand

RAINA MACINTYRE

NHMRC Principal Research Fellow and Professor of Global
Biosecurity
Australia

SHU-TI CHIOU

Founding President, Health & Sustainable Development
Foundation
Taiwan

Global Summit 2021 Partial List of Speakers

SUNIL RAINA

Physician and Researcher
India

YANEER BAR-YAM

Complex Systems Physicist, New England Complex Systems
Institute
USA

MEENA CHERIAN

Dr Cherian leads the Geneva Foundation of Medical
Education and Research (GFMER) initiative on Emergency
and Surgical Care
Switzerland

STEPHANE BILODEAU

Stephane Bilodeau, Engineer, PhD, Fellow of Engineers
Canada, Smart Phases
Canada

NASSIM NICHOLAS TALEB

Risk and Applied Probability Scientist
USA

LAURA STREITFELD

Policy and Communications Strategist
USA

LIZ ROSENBERG

Co-Founder and Steering Committee Member, Parents for
Responsive Equitable Safe Schools
USA

KALIRIS SALAS-RAMIREZ

Neuroscientist, PhD, Distinguished Medical Lecturer, CUNY
School of Medicine
USA

SHEFALI OZA

Epidemiologist, PhD, Senior Advisor, Partners in Health
USA

Global Summit 2021

Breakout Sessions

<p>Register now at worldhealthnetwork.global/summit-info</p> <p>GLOBAL SUMMIT. TO END PANDEMICS</p>  <h3>Airborne Precautions (DIY and More)</h3> <p>Nov 3: 4:00pm ET / 8:00pm BST / 9:00pm CET / Nov 4: 1:30pm IST; 7:00am AEST / 9:00am NZDT</p> <p>The panel will discuss and showcase Airborne precautions for schools and workplaces, notably various DIY solutions, and the onset of an international coalition to generalize what was done in some states in US with already specific countries' projects. During the panel, we will livestream the production of a box in real-time as a livestream during the second session.</p> <p>World Health Network</p>	<p>Register now at worldhealthnetwork.global/summit-info</p> <p>GLOBAL SUMMIT. TO END PANDEMICS</p>  <h3>Big Pharma and "Vaccine Apartheid"</h3> <p>Nov 4: 11:00am ET / 3:00pm BST / 4:00pm CET / 8:30pm IST; Nov 5: 2:00am AEST / 4:00am NZDT</p> <p>Anthony Staines, Professor of Health Systems, Dublin City University, and Tim Bierley with Global Justice Now, will outline how big pharma and rich countries have created a devastating "vaccine apartheid." High income countries like the UK have ordered more than 3 times the amount of doses they've needed, whilst only 1.9% of people in low and middle income countries have received a single dose.</p> <p>World Health Network</p>
<p>Register now at worldhealthnetwork.global/summit-info</p> <p>GLOBAL SUMMIT. TO END PANDEMICS</p>  <h3>Essential Data</h3> <p>Nov 3: 1:00 pm PT / 4:00pm ET / 8:00pm BST / 9:00pm CET / Nov 4: 1:30am IST; 7:00am AEST / 9:00am NZDT</p> <p>This session will examine challenges and opportunities for expanding public access to COVID-19 case data. Increasingly, community members, parents and workers consult data dashboards, joining health experts in seeking to understand areas of high risk and transmission. Looking at information collected through contact tracing, and by tracking school cases, closures, and workplace outbreaks, speakers will reflect on key considerations for sharing meaningful data in the public interest.</p> <p>World Health Network</p>	<p>Register now at worldhealthnetwork.global/summit-info</p> <p>GLOBAL SUMMIT. TO END PANDEMICS</p>  <h3>Harm Reduction</h3> <p>Nov 3: 8:00pm ET / Nov 4: 12:00am BST / 1:00am CEST / 5:30 am IST / 11:00am AEDT / 1:00pm NZDT</p> <p>This session will discuss how harm reduction tools, including vaccines, tests, masks, and ventilation are being implemented globally in different ways. We will discuss how not accepting the science is preventing the optimal implementation of harm reduction tools that reduce the spread of COVID-19.</p> <p>World Health Network</p>

Global Summit 2021

Breakout Sessions

<p>Register now at worldhealthnetwork.global/summit-info</p> <p>GLOBAL SUMMIT TO END PANDEMICS</p>  <p>Collaboration not Siloed Session</p> <p>Nov 4: 9:00am ET / 1:00pm BST / 2:00pm CET / 6:30pm IST; Nov 5: 12:00am AEST / 2:00am NZDT</p> <p>The panel will discuss and introduce the Canadian interdisciplinary coalition approach. The Airborne Transmission Coalition, ZeroCovid or PPE Advocates, Occupational health and safety, Parents groups, Unions and Civil society groups collaborating to generate more traction. Notably, last year they successfully pushed for messaging to the Canadian Government for the message that covid is airborne. This panel will address how interdisciplinary groups work better than acting in our own silos. Different groups, backgrounds, specialties, but agree on the main goals/message. Interdisciplinary outreach.</p> <p>World Health Network</p>	<p>Register now at worldhealthnetwork.global/summit-info</p> <p>GLOBAL SUMMIT TO END PANDEMICS</p>  <p>COVID Responses in South American Countries</p> <p>Nov 4: 9:00am ET / 1:00pm BST / 2:00pm CET / 6:30pm IST; Nov 5: 12:00am AEST / 2:00am NZDT</p> <p>South America, the most unequal region globally, has been hit hard by the Covid-19 pandemic, with a high number of cases and deaths and severe consequences on social and economic conditions. The responses, however, have been different in different countries. This session aims to discuss Covid responses in three key countries that have developed different approaches to preventive and healthcare measures and social protection interventions, trying to identify lessons to be learned, especially concerning equity.</p> <p>World Health Network</p>
<p>Register now at worldhealthnetwork.global/summit-info</p> <p>GLOBAL SUMMIT TO END PANDEMICS</p>  <p>Healthy Survival and Prevention Networking from people in Physical Distancing</p> <p>Nov 4: 10:00am ET / 2:00pm BST / 3:00pm CET / 7:30pm IST; Nov 5: 1:00am AEST / 3:00am NZDT</p> <p>This session will discuss how families can avoid COVID-19 infections and keep resilience levels high to survive the COVID-19 Pandemic healthy in body and soul.</p> <p>World Health Network</p>	<p>Register now at worldhealthnetwork.global/summit-info</p> <p>GLOBAL SUMMIT TO END PANDEMICS</p>  <p>How To Light Up on Social Media A joint session from MaskTogetherAmerica and Teens for Vaccines</p> <p>Nov 3: 4:00pm ET / 8:00pm BST / 9:00pm CET / Nov 4: 1:30am IST; 7:00am AEST / 9:00am NZDT</p> <p>This joint session will examine how to spark a grassroots movement, run completely by volunteers, using the internet. Our presentation addresses how to leverage community support to train the general public to become powerful advocates, by identifying issues that arise when employing social media. Our goal is to empower those unfamiliar with social media to use it to get their message out and reach the maximum number of people.</p> <p> World Health Network </p>

Global Summit 2021

Breakout Sessions

<p>Register now at worldhealthnetwork.global/summit-info</p> <p>GLOBAL SUMMIT TO END PANDEMICS</p>  <p>Listening to Children on "Back to School" in the Current Pandemic</p> <p>Nov 4: 9:00am ET / 1:00pm BST / 2:00pm CET / 6:30pm IST; Nov 5: 12:00am AEST / 2:00am NZDT</p> <p>The World Health Network (WHN) was set up in 2020 to bring people from very diverse disciplines, expertise and backgrounds, to work together for a ZERO COVID environment. In the current pandemic it is a very difficult period for children to cope with going 'back to school' under a new school environment and misinformation on COVID-19. Therefore, WHN is reaching out to learn from the perspective of children from diverse backgrounds in this virtual WHN Global Summit.</p> <p>World Health Network</p>	<p>Register now at worldhealthnetwork.global/summit-info</p> <p>GLOBAL SUMMIT TO END PANDEMICS</p>  <p>LongCovid: How pathogen persistence must be evaluated for and addressed</p> <p>Nov 3: 5:00pm ET / 9:00pm BST / 10:00pm CET / Nov 4: 2:30am IST; 8:00am AEST / 10:00am NZDT</p> <p>This session will cover the pandemic of chronic illness caused by COVID, the NIH's decades-long failure to fund research about the enormous role of stealth, persistent infections in those with autoimmune, chronic and psychiatric illness, and explain the science behind it.</p> <p>World Health Network</p>
<p>Register now at worldhealthnetwork.global/summit-info</p> <p>GLOBAL SUMMIT TO END PANDEMICS</p>  <p>Scientific Knowledge Use for Covid Responses</p> <p>Nov 4: 8:00am ET / 12:00pm BST / 1:00pm CET / 5:30pm IST; 11:00pm AEST / Nov 5: 1:00am NZDT</p> <p>During the Covid-19 pandemic, the use of scientific knowledge, and even technologies such as vaccines, has been questioned and faced with the spread of fake news and misinformation. This session aims to discuss, from the experiences of three different countries, the possibilities and limits of scientific knowledge as a source of valid information to guide public policies and societal choices.</p> <p>World Health Network</p>	<p>Register now at worldhealthnetwork.global/summit-info</p> <p>GLOBAL SUMMIT TO END PANDEMICS</p>  <p>World Health Network Communications: A Transdisciplinary Journal on COVID-19</p> <p>Nov 3: 6:00pm ET / 10:00pm BST / 11:00pm CET / Nov 4: 3:30am IST; 9:00am AEST / 11:00am NZDT</p> <p>Our editors-in-chief will discuss the motivation for starting a new journal, and the opportunity they see to shape the conversation within academia, government, and the general public. We will additionally walk through the contents of the journal's inaugural issue. Authors will speak about the articles they've contributed, and describe how their writing fits into a big-picture narrative that the journal aims to help construct.</p> <p>World Health Network</p>
